

NEHI RESEARCH PARTICIPANTS WANTED:

The Children's Hospital of Philadelphia is conducting a study to learn more about the different types of interstitial lung disease (ILD), including NEHI, and the causes of these lung problems.

What will participants be asked to do?

If you qualify, we will ask you to complete a medical history, questionnaire, and provide blood, saliva, and urine samples (optional).

If you are interested in participating in the study, or would like to learn more about it, please contact:

Alicia Hurnton, RN, BSN
